

10th Mountain Cartography Workshop

The ICA Commission on Mountain Cartography and the Institute for Cartography of TU Dresden are pleased to announce the 10th Mountain Cartography Workshop.

This Jubilee Workshop will be held from 26 to 30 April 2016 at the Carl-von-Stahl-Haus located at the rim of the Berchtesgaden Alps National Park, right at the Austro-German border.

The overall theme of the Workshop will be **Unbounded Mapping of Mountains**. Topics of any aspect related to mountain cartography are welcome for submission, from cutting-edge research to overview reports, covering both theoretical and practical aspects.

Detailed information will be provided on the Workshop Website which will be advertised in the Second Announcement by the end of July 2015.
